➕ ADDITIONAL INFORMATION

I am a motivated student currently studying at Quezon City University with a strong interest in UI Design and Data Analysis. Although I don't have experience in IT Support, I am eager to explore and learn more about it through an internship as part of my professional growth. I am committed to continuous learning, Detail oriented, and passionate about using technology to solve problems and improve user experience. If the position I'm applying for is unavailable, I'm open to any role that will help me gain experience and develop new skills.
